

SOCIETY WOMEN OF METROPOLIS ARE INVOLVED IN WAR PLOT

Letters Denouncing President
Said to Have Been Written
to Von Rintelen

GOTHAM IN TURMOIL AS NEWS IS SPREAD

German Baron, Held In Lon-
don, Aided By Woman to
Visit U. S. Ships

NEW YORK, Dec. 8.—Social circles were thrown into a turmoil today by the news, which came like a bombshell, that prominent society women are involved in the investigation of Franz Von Rintelen, the German agent who is now held in London, accused of coming to this country armed with a large corruption fund to incite strikes in munition factories and to foment, in alleged collusion with Captains Boy-Ed and Van Pape, a Huerta-directed revolution in Mexico.

Letters, written by a woman to Van Rintelen, denouncing President Wilson, have been sent here by British authorities. It was learned today that Van Rintelen inspected American warships and was enabled to do so through the social connections of the woman, it is reported.

The letters will go before the grand jury.

SAN FRANCISCO, Dec. 8.—The bomb plot grand jury resumed its probe today. Indictments are expected before night.

SAN FRANCISCO, Dec. 8.—The grand jury started to suppress publicity in the case of Baron Von Bricken, alleged to be concerned in bomb plots. It is hinted that newspaper men quizzing witnesses will be strenuously prosecuted.

Whether there will be indictments before night is uncertain.

The preliminary hearing of C. C. Crowley, alleged conspirator, was postponed until Friday.

Von Bricken's hearing will be on the same date.

MEMORY BLANK. MAN HELD AT GATE CITY

SAN BERNARDINO, Dec. 8.—A victim of a mysterious malady, believed to be aphasia, Charles Rollison, real estate dealer of Rahway, N. J., for whom relatives have for days been scouring the Atlantic coast, was taken from a Southern Pacific train at Colton by Police Chief Shay last night. He is being held in the San Bernardino county hospital pending the arrival of relatives and friends who are speeding across the continent to him.

Rollison is believed to have traveled thousands of miles, unaware of where he was bound and unable to give any information as to his name or address.

A rumor given credence several days ago, had him drowned in the Atlantic. Relatives, however, persisted in a search for him, as his memory had disappeared to be growing weaker daily, it is said.

BRITAIN DENIES SAFE CONDUCT FOR ATTACKS

WASHINGTON, Dec. 8.—It is today reported that Captains Von Pape and Boy-Ed, attaches whose recall by Germany was requested by the United States, will start for Germany Tuesday.

LONDON, Dec. 8.—Sir Edward Grey today told the House of Commons that Britain would not grant Captains Von Pape and Boy-Ed safe conduct.

NEW YORK, Dec. 8.—It is rumored that Von Pape and Boy-Ed plan to sail for Germany aboard the New Amsterdam Tuesday. The New Amsterdam line officials say no reservations have been made.

2000 Serbs Captured
BERLIN, Dec. 8.—Two thousand Serbs were captured yesterday in the Balkans, it is officially announced today.

NO person in the United States is more interested in the care of babies than Miss Julia Lathrop, the chief of the Children's Bureau in Washington. Ever since she has held her place, she has been at work on this subject, and is recognized as an authority over the United States.

Says County Jit Ordinance Ought Not to Be Passed

Insurance Man Declares Cars
Already Having to Pay
Enough City Tax

Referring to the request made of the Board of Supervisors by President Paul Shoup of the P. E., that an ordinance be passed for the taxation and regulation of motor vehicles doing a passenger business, Charles B. Morgan, local agent for several lines of indemnity insurance, today declared that, because the majority of the forty-nine jitney buses operating in Santa Ana now are paying an average of \$4.75 per month per car for city licenses and indemnity bonds in various cities which they include in their routes, he does not think that an additional county tax should be imposed.

"It costs the jitney men \$7.50 for the \$10,000 bond required by the city of Santa Ana," said Morgan. "They also have to pay the usual county and state motor tax, equal to about a dollar per month per car."

"These jitneys running into Long Beach from here must pay a Long Beach city license of \$4.25 per month per car. The Newport city license is \$17 per month per car, the Fullerton license \$2.50, the Orange license \$5 per month, the Anaheim license, \$2.50 per month and the Santa Ana license \$2.50 per month.

"The average expense of depots and phones is \$12 per month per car in Santa Ana."

\$3,000,000 MUNITIONS LEAVES U. S. DAILY

NEW YORK, Dec. 8.—Compilation of the reports of the New York customs house by the foreign trade department of the National City Bank shows that for the five business days of last week there was an average shipment from this port of \$3,000,000 a day in munitions to the allies. More than \$10,000,000 of this was in explosives, approximately \$2,000,000 worth was in empty shells and about \$3,000,000 worth in other materials.

ARMED MEN GO WITH \$3,000,000 SILK TRAIN

SAN FRANCISCO, Dec. 8.—Guarded by armed men, a \$3,000,000 shipment of silk today is speeding toward New York on a record-breaking trip from San Francisco.

The consignment, weighing 280,000 tons, arrived here on the Chio Maru from the Orient Monday, and at once was loaded in fifteen Southern Pacific cars to be sent east on a passenger schedule.

LOUISVILLE, Ky., Dec. 8.—Fire today destroyed the Seventh Avenue Hotel. Two perished and four were injured.

U. S. FINANCIAL RESOURCES ARE NOW GREATEST IN HISTORY

—SEC. M'ADDOO

Congress Hears a Sweeping
Declaration of America's
Stability

WASHINGTON, Dec. 8.—A sweeping declaration of American financial stability was made by Secretary of the Treasury McAdoo in his annual report to Congress today.

"Our financial resources are the greatest in our history and our banking system, through the operation of the federal reserve system, is the strongest in the world," he said.

Commenting on business conditions, the secretary declared one of the most encouraging features was that the demand for iron and steel products is heavier from domestic than from foreign sources.

Among recommendations made is one that persons having a gross income of \$3000 or more a year shall pay an income tax. The law at present provides for net incomes of that amount, leaving it to the individual to determine whether his net income is \$3000 or more. The report does not mention other income tax law changes suggested by the secretary in a recent statement.

Indicating the fight to be made on the so-called pork measure, the omnibus public buildings bill, the secretary advances arguments for its continuance. He cites bad public building conditions in many cities.

Against Narcotics

He supports the idea of government treatment of drug addicts by the Public Health Service, or other government agency, and suggests that the Harrison anti-narcotic act be made more stringent.

Concerning the Public Health Service, the secretary urges upon Congress the necessity for more commissioned medical officers and larger public health field investigation. He points out that the United States is the only country which does not provide for the isolation and care of lepers. There are approximately 146 lepers in the United States, he states, and Congress is urged to pass a bill introduced at the last Congress, for a national leprosy.

Coast Guard Aid

Plans are being worked out by the Coast Guard and Navy, the secretary says, to make the former organization a valuable auxiliary to the navy in time of war.

The secretary also calls attention to the saving effected by the treasury's innovation of shipping money by parcel post rather than express. He recommends increasing the salaries of assistant secretaries from \$5000 to \$7500. The present salary, the secretary points out, makes it necessary for men of the caliber desired, to sacrifice themselves financially to hold the position.

SENATE G. O. P. WITH WILSON ON DEFENSE

WASHINGTON, Dec. 8.—Republican Leader Gallinger today told President Wilson that Senate Republicans would not fight his preparedness program, provided it is kept out of the Democratic caucus.

G. O. P. VICTORIOUS IN MASSACHUSETTS CITIES

BOSTON, Dec. 8.—Republicans were successful where national party lines were drawn in the elections in fourteen Massachusetts cities. In Marlborough and Waltham, Democratic mayors were defeated for reelection by Republican opponents. Republicans won in Brockton, Northampton, Pittsfield and Quincy.

In Fall River, Springfield and Haverhill no mayors were elected, but the Republicans secured a majority in the city government in the two former cities. Haverhill has a non-partisan government.

U. S. CAPITAL WANTED IN CHINA, SAYS TAIT

SAN FRANCISCO, Dec. 8.—J. S. Tait, banker and financier of Washington, D. C., and his family have just returned from the Orient on the Chio Maru after seven months' spent in various cities and provinces of China.

MYSTERY TANKER CAPTURED, WORD CABLED TODAY FROM ROME

Communipaw Conveyed To
Unknown Port; National-
ity of Captor Unknown

'MYSTERY REPORTS' OF U-BOAT ATTACKS IN BRIEF SUMMARY

SATURDAY, Dec. 4.—Unofficial report received at Washington that unknown American vessel was being pursued and shelled off North African coast.

MONDAY, Dec. 6.—Navy Department ordered United States Cruiser Des Moines and Destroyer Caesar, in Mediterranean waters, to aid of unknown American vessel.

TUESDAY, Dec. 7.—State Department received official information that Standard Oil steamer, Petrolium, had been attacked by a submarine. Identity of "Mystery vessel" established, belief.

TUESDAY, Dec. 7.—American embassy at Rome informed that Standard Oil steamer Communipaw had been torpedoed and sunk in the Mediterranean, near Tobruk, Tripoli. No word regarding fate of crew. No news of submarine's nationality.

WEDNESDAY, Dec. 8.—Conflicting reports received at New York, Washington and London regarding Communipaw. Doubt raised as to whether vessel had been sunk.

WASHINGTON, Dec. 8.—Ambassador Page, at Rome, today cabled that the Standard Oil tanker Communipaw has been captured and conveyed to an unknown port. The nationality of the captor is not given.

NEW YORK, Dec. 8.—Cable messages received here today declared that the Standard Oil tanker Communipaw, reported as submerged, reached Alexandria Sunday. The message reached the Standard Oil ofices from the Alexandria agent.

WASHINGTON, Dec. 8.—Ambassador Page at Rome today cabled the State Department that a vessel, believed to have been the Communipaw, was torpedoed and sunk in the Mediterranean.

LONDON, Dec. 8.—A news agency dispatch received here today declared that the Communipaw reached Alexandria Monday. It was claimed that the information was official.

WASHINGTON, Dec. 8.—Grave apprehension was caused in official circles last night by the receipt of unofficial reports telling of the torpedoing and sinking of the American oil tanker Communipaw off the coast of Tripoli.

In official circles the fear was expressed that Austria may have begun a campaign against American oil ships carrying fuel oil to warships of the allies operating in the Dardanelles.

Significant

Significance is attached to the fact that the report of the sinking of the Communipaw followed close on the heels of the receipt yesterday of advice that the American oil steamer Petrolium had been attacked by a submarine.

Officials indicated plainly that the attacks may lead to serious consequences. While it was stated no official statement would be issued pending complete investigation, it was made clear that the attacks were to be made the subject of a communication to Austria immediately.

Firm U. S. Protest Expected

That officials believed that a protest of greater firmness than any yet made on submarine warfare would be necessary, was clearly indicated.

The Communipaw, carrying a crew of forty, was one of four German tank steamers taken over by the Standard Oil Company since the outbreak of the war.

DEMOCRATS TO MEET AT CAPITAL DEC. 20

WASHINGTON, Dec. 8.—Chairman McCombs of the Democratic National Committee today announced that a special convention of the committee will meet here December 20 to make preliminary arrangements for the St. Louis National Convention.

Convention headquarters will be established at St. Louis in the spring. President Wilson entertained the National Committee at luncheon.

Chicago is likely to land the Republican convention.

Honolulu Offer Big

SAN FRANCISCO, Dec. 8.—Loren Andrews, former attorney general of Hawaii, is here today seeking to send the 1916 Republican National Convention to Honolulu. He says the city is willing to pay \$100,000, accommodate 10,000 guests and provide two ships to transport the delegates.

THIS photograph shows the latest picture of Crown Prince Friedrich Wilhelm of Germany (on the right). It was taken while he was discussing battle lines with Prince Henry, his uncle (on the left). The uncle was in the United States several years ago, and was received with enthusiasm.

Both Blame, Praise Given Wilson by Papers Today

Following are excerpts from editorial opinions in a number of newspapers published today regarding President Wilson's message to Congress, delivered by him yesterday:

CALIFORNIA DEMOCRAT (San Francisco German Daily):

"Very vague and uncertain insinuations are expressed against hypochondriac Americans. One whole paragraph bears great similarity to the phrases of a zealous preacher of the Gospel against bad humanity generally, who has not the moral courage to name in his accusations those who actually failed."

PASADENA STAR:

"The President's mettle has been tried and we have nothing to fear from his attitude regarding foreign relations. But we may have reason to fear rabid, demagogic and ill-advised talk on the floor of the House and Senate. From rash and foolhardy speech-making in

the halls of legislation, good Lord, deliver us."

PASADENA NEWS:

"President Wilson takes a bold and highly proper stand. His counsels should be heeded. To endorse them fully would be Americanism and an avowal of faith in American institutions and principles."

SEATTLE POST-INTELLIGENCER:

"President Wilson's message is both strong and weak. Its logic and diction are plainly below the standard of his former state papers, the fact being due, possibly, to diverting subjects more intimately engaging his attention."

SAN DIEGO UNION:

"President Wilson's preparedness program as outlined in his message probably will be displeasing to those favoring extreme methods in national defense. The President proposes that years shall elapse before adequate steps toward preparedness be made."

THIRD U. S. SHIP SEIZED BY BRITAIN

BUENOS AIRES, Dec. 8.—Word has been received here that a British cruiser has captured the steamer Winnebago.

It is also reported that a British cruiser has captured on the high seas on board the steamer Vanban a German officer, who, it is alleged, was involved in certain affairs in the United States, from which country he made his escape.

The American steamer Winnebago left Newport News August 21 last, and arrived at Buenos Aires October 14. Since then the Winnebago had been held up in fear of seizure.

The Winnebago is the third vessel of the American Trans-Atlantic Company to be seized by ships of Great Britain on the ground that they are "enemy owned," the contention being that German money controls the company.

The seizure of the two other vessels, the Hooking and the Genesee, has already been made the subject of a vigorous protest by the American government, and an acute diplomatic issue has now been accentuated.

SCORES ATTACKS BY GERMANS ON U. S. A.

AMSTERDAM, Dec. 8.—A protest against attacks made in Germany against America and Americans appears in an article by Maximilian Harden, editor of the Berlin newspaper Die Zukunft, in the last issue of that paper.

Herr Harden says that at a recent meeting of a great corporation one of the directors referred to the American people as "that pack of scoundrels in America."

He adds that nobody protested and the chairman did not rule the remark out.

BODY OF U. S. HERO LIES BETWEEN ALLY, TURKISH TRENCHES

SAN FRANCISCO, Dec. 8.—Rex Wood, of San Francisco, in the British army, wrote to a friend here describing the Egyptian fighting. He declared that P. P. McPherson of Chicago used to raid the Turkish trenches single handed, hurling bombs. He was recommended for the Victoria Cross. Later he tried to raid again. Turk machine guns blew his head off. The body of the American is lying between the trenches. The Victoria cross arrived too late.

DYNAMITER TELLS BUYING EXPLOSIVE

LOS ANGELES, Dec. 8.—The opening chapter in a ten-days' recital of the history of the national dynamite conspiracy of several years ago, was begun today in Judge Willis' court, with Orrie E. McManigal, confessed dynamiter, as the historian.

He described buying dynamite and receiving money from unionists.

McManigal is regarded by the prosecution as its strongest witness in the trial of Matthew A. Schmidt, charged with dynamiting. It is predicted that his testimony on direct examination will last a week and that almost as much time will be taken up in cross-examination.

When the trial was resumed today only a few of the letters taken from union headquarters at Indianapolis remained to be read to the jury.

McManigal was called when the reading of this correspondence was finished.

LONDON, Dec. 8.—Premier Asquith today told the House of Commons that the Allies are willing to discuss any serious peace proposals from enemy or neutral sources. He made the statement in reply to a question by Philip Snowden asking if the government would reject proposals based on Germany's evacuation of Belgium.

LONDON, Dec. 8.—The Constantinople War Office today claimed that the Turks fired a British monitor and captured four vessels near Kut-el-Amara December 5.

CONSTANTINOPLE, Dec. 8.—The allies have resumed their Dardanelles offensive. Aviators attacked Usun Kuepreu station. There was no damage.

BERLIN, Dec. 8.—The Frankfurter Zeitung today declared that King Nicholas of Montenegro has suggested that the allies permit him to conclude a separate peace because Montenegro is exhausted.

LONDON, Dec. 8.—The Bulgarian War Office today claimed that the Bulgars overwhelmed the Serbs near Kulaluma. They captured all their artillery, automobiles, the royal carriage, 300 omnibuses and quantities of munitions.

LONDON, Dec. 8.—An explosion killed eight Germans at Namur, Belgium, it is reported today.

AMSTERDAM, Dec. 8.—Four German aviators burned to death in mid-air. Their machines collided over Ellerbruck and burst into flames.

BERLIN AWAITS PEACE TALK TOMORROW

AMSTERDAM, Dec. 8.—It is expected that Chancellor Bethmann Hollweg will name Germany's peace terms while addressing the Reichstag tomorrow. He has presented his speech for the Kaiser's approval. Berlin anxiously is awaiting its delivery. A crowd is expected to fill the galleries. All the tickets are taken.

THREE TUGS IN AID OF DISABLED LINER

SAN FRANCISCO, Dec. 8.—Port of fields early today expected to rush a third tug to aid the disabled liner Minnesota. The steamer slowly is being towed north. All her boilers are out of commission. She now is off the Lower California coast.

WASHINGTON, Dec. 8.—Coast Guard headquarters today reported that the cutter McCulloch started to aid the disabled Minnesota off the coast of Lower California, but returned when wirelessly informed that aid was not needed.

SAN DIEGO, Dec. 8.—The cutter McCulloch is in the harbor here. No wireless messages were received from the Minnesota this morning.

SAN FRANCISCO, Dec. 8.—The red-stacked tug Rover is going south to assist in towing the Minnesota.

MINNESOTA, SAFE IS TOWED BY TUGS

SAN FRANCISCO, Dec. 8.—Danger of the big Hill liner Minnesota, with her million-dollar cargo, being wrecked by drifting ashore on the coast, 150 miles south of San Diego, has passed, according to Port Captain C. W. Wiley. He said last night that he had received a wireless saying that the tugs laqua and Dauntless, dispatched from here, reached the disabled steamer at 9 o'clock yesterday morning and in tandem were bringing the steamer to this port at a speed of about five knots an hour.

The Minnesota is said to have six of her battery of sixteen boilers intact and is able to assist the tugs with steerage way.

In absence of further accident, Wiley said the crippled liner should reach the Golden Gate some time next Sunday.

It was believed the vessel, assisted by the tugs, would be off San Diego some time this afternoon, when the mystery will be cleared.

JACKMAN BACK FROM EAST SAYS TREND TO ROOSEVELT

Excepting in a Few Centers He Found Business Conditions About Same As Here

S. J. Jackman, owner of Santa Ana business property and chairman of the Progressive County Central Committee, returned yesterday from a four months' trip that took him through twenty-eight states as far east as the Atlantic. He returns declaring that from the talks he had with hundreds of men in the East he believes the trend of opinion among Republicans is strongly in favor of the nomination of Theodore Roosevelt by the Republicans for president.

"It is my opinion that the people believe that none of the old line Republican leaders can defeat President Wilson, and that Roosevelt, with the Republican nomination, can defeat him," said Jackman. "Those who want a change in tariff are therefore leaning to Roosevelt."

Jackman stated that so far as business conditions were concerned, he saw in general no difference between business conditions in the East and here excepting in a few centers where for some special reasons there is great activity in manufacturing. Some of these centers are stimulated by demands for war supplies. Detroit, for instance, with its great automobile factories, is flourishing.

Jackman visited the San Francisco exposition, went east by way of Oregon and Washington, saw Yellowstone Park, visited his old home in Ohio, went to Washington, D. C., and New York, attended the eighty-fifth birthday celebration of his mother at his brother's home in Wichita, Kan.

COUNTY MEDICAL ASSOCIATION HAS SPLENDID MEETING

Speaking on "Modification of Technique in Operations of Today," Dr. O. O. Witherbee of Los Angeles last night addressed the Orange County Medical Association at the Santa Ana Hospital. Dr. Witherbee's paper was attentively listened to by the physicians and surgeons. Numerous questions were asked the speaker, following his address, denoting that the speaker had keenly interested his hearers.

Following the transaction of a number of business matters, the members and guests of the association adjourned to James' Confectionery, where light lunch was served. Association members present at last night's meeting were Doctors Robinson, Ball, Dubois, Wehrly, Utter, Dryer, Violet, McKillop, Bryan, Davis, Bartholomew, Tweedie, Beebe, Johnston, Burlew, Osburn, and Cushman. Besides Dr. Witherbee, Dr. Wickert of Fullerton and Dr. Hendrickson of Anaheim were visitors.

Applications for membership in the Association were received from Drs. Robinson, McAuley and Wickert.

KIDNEY DISORDERS QUICKLY RELIEVED

Hundreds of people have been relieved of the agonies caused by weak, inflamed or clogged-up kidneys by using Solvax, the new remedy that quickly restores the source of all kidney complaints.

Those who suffer with pains in your back, and sides or have any signs of kidney or bladder trouble such as rheumatic pains, puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will surely and surely relieve you of your misery.

Solvax is the most potent remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and makes the kidneys sift out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

The Rowley Drug Co., the popular druggists, say that no medicine ought to be paid for unless it does the user some good. They therefore sell Solvax under a positive guarantee to quickly relieve the worst cases of kidney trouble or refund the money. Try Solvax today and if you cannot see and feel a decided change for the better just go to the Rowley Drug Co., and tell them you want your money back and they will return it without question. This is the strongest argument that can be offered in behalf of any medicine.

FEEL YOUNG!

It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Coax the jaded bowel muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics. Dr. Edwards believes in gentleness, persistency and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels; their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have. Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 15c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

KELLY MAY HAVE HIS LEG REBROKEN

Fred Kelly, Olympic champion hurdler, and one of the greatest athletes in the country, may possibly have his leg rebroken. About six weeks ago Kelly, whose home is in Orange, fractured the leg playing football and it was expected to heal in a short time as it was only a simple split. However, it has not shown the expected improvement and last night it was learned that the limb would probably be rebroken. Leo Livermash.

OSSIFICATION IS DEATH CAUSE AFTER YEARS

ST. PAUL, Minn.—Although death sentence was passed upon him twelve years ago, Charles J. Murphy of Northfield, Minn., fought off the ultimate culmination of his strange affliction until 5:30 a. m., one day recently.

On September 15, about twelve years ago, Murphy, 24 years old, then a student at Carleton College, limped into St. Luke's Hospital and was put to bed. From that time he has been unable to leave his bed without assistance.

The strange malady with which he was stricken is known to the medical world as arthritis deformans. To the layman it is known as ossification. Its cause is unknown; the treatment, only constant care and as much of the bright side of life as is possible.

For years Murphy knew he was dying. He understood that nothing could prevent the working of the disease, yet through all these long years he maintained a cheerful courage. From his feet the malady crept to all parts of his body, until feet, legs, hands, arms and back were welded and changed into bone by the deposits of solids in the joints.

For a short time after he entered the hospital Murphy could move his hands and feet, so he could pass away the weary days by reading. Telephone connections were made from his room to the People's Church, and every Sunday Murphy "attended services" there.

As the disease followed its course Murphy became blind. Some well known young women of St. Paul made weekly visits to his room to read to him for hours at a time. His body was useless, but his mind was unimpaired. He loved music and a talking machine was placed in his room so the music might turn his thoughts from his affliction.

"Mr. Murphy was a model patient," Miss Elizabeth Smith, superintendent at the hospital, said. "He never complained and always was cheerful." All who came in contact with Murphy remarked his cheerfulness.

WANDER WINDOW AGAIN ON ITS WAY

LONDON, Nov. 2.—(By Mail.)—Pried from its fastenings for the first time since 1758, the wandering east window of St. Margaret's, the little church fronting Westminster Abbey, has wandered to quarters safer from Zeppelins. The window was originally presented by burgoesses of Dordrecht to Henry VII. for his chapel in Westminster Abbey. It contains the portraits of the King and Queen, their eldest son, Prince Arthur and the Prince's bride, Henry VII. banished it to Waltham Abbey, away from London, because it suggested unpleasant memories. After the Dissolution, it passed to the Earl of Sussex, father of the unfortunate wife of Henry VIII, Anne Boleyn. It was later possessed and preserved in turn by the Duke of Buckingham, General Monk and Squire Conyers, the latter selling it to the committee of parliament, who repaired St. Margaret's in 1758. It remained for the Zeppelins to drag it from its resting place of 175 years.

NAVY PROPOSALS TO BE INCREASED, PLAN

WASHINGTON, Dec. 8.—At least seven Republican members of the House committee on naval affairs will attempt to increase the naval appropriations beyond President Wilson's proposals.

By winning over of the Democratic members, eight of whom are known to advocate preparedness, they control the committee and will report to the House a naval bill with provisions far in excess of those outlined by the administration.

One of the demands will be an immediate increase of 20,000 men in the navy's personnel.

DECREASE IN STATE'S SWEET WINE OUTPUT

LOS ANGELES, Dec. 8.—The decrease in the sweet wine production of this district as a result of the high tax on grape brandies used to fortify the wines is shown by comparative estimates in the revenue department. In the calendar year of 1913 there were approximately 3,500,000 gallons produced, in the calendar year of 1914, about 2,500,000 and up to the present time less than 1,250,000. The tax which raised the rate from 3 cents per gallon to 55 cents a gallon went into effect in the latter part of 1914.

MUNITIONS EMBARGO ASKED BY SENATOR

WASHINGTON, Dec. 8.—A bill providing a strict embargo on exportation of munitions of war to any belligerent nation, with a heavy penalty for violation, was introduced in the Senate yesterday by Senator Gilbert N. Hitchcock of Nebraska, an independent Democrat.

The bill also urged gradual government monopolization of the manufacture of arms and munitions.

FARMERS BREAK SOIL FOR BIG ELEVATOR

ST. PAUL, Minn., Dec. 8.—The first step toward the elimination of the broker in the marketing of grain in the middle west was taken here today when, in the presence of several thousand mid-west farmers, ground was broken for the half-million bushel co-operative elevator that will be built and ready by next year. The farmers have bought hundreds of big barges and will ship their own grain down the Mississippi river to New Orleans, thence to Europe. They plan to bring the price of grain far, far down.

TRIAL OF WOMAN ON ARSON CHARGE OPENS

LOS ANGELES, Dec. 8.—With the court room of Justice Hanby partially filled with cans of distillate, water bottles containing kerosene and oil-soaked clothing and bedding, the preliminary examination of Mrs. Henrietta Canfield on the charge of plotting to destroy the Hotel Canfield at 840 South Flower street, began yesterday.

SEEK TO RECOVER \$1,000,000
WASHINGTON, Dec. 8.—A request for restitution of \$1,000,000 in gold shipped from New York on the Dutch liner Noordam to the Netherlands Overseas Trust and seized by a British cruiser in the North Sea was made to the British embassy today by a representative of Goldman, Sachs & Company of New York.

\$2000 JEWEL THEFT
PORTLAND, Dec. 8.—Police and detectives today are seeking thieves who entered the home of Attorney William P. Richardson and stole jewelry valued by Richardson at more than \$2000.

QUEEN TO GIVE EVERY TOMMY NICE GIFT

LONDON, Oct. 22.—(By Mail.)—The armies in Northern France are preparing for another winter campaign. Relief societies in England are taking extraordinary precautions to see that the trench dwellers do not endure hardships such as they suffered last year.

Within two months, every mile of British and Belgian trench will have been equipped with square, box-like charcoal and coke trench heaters, specially made and costing \$500 per trench mile. It is estimated that each \$500 contributed will warm 3000 men. About 4000 of these heaters already have been shipped to the Belgian trenches.

Trench pumps will dry out flooded trenches. Trench kitchens and trench cooking supplies also will be in evidence. The frozen feet, rheumatism,ague and fevers that sent thousands of men from the trenches to hospitals a year ago will thus be avoided.

Every fourth woman in Britain belongs to some relief society, most of whose members are knitting stockings, mufflers and heavy garments for the Tommies and their Belgian and French allies.

Several societies and newspapers have started a Christmas pudding campaign for the soldiers. One newspaper got \$10,000 the first two weeks. No Tommy shall miss his Christmas pudding, the campaigners declare. Officers' wives whose husbands are serving in the Dardanelles have a society for sending Christmas cheer to the men there.

Queen Mary will provide every soldier and sailor with a Christmas gift. This honor last year fell to Princess Mary, who distributed over a million handsomely decorated metal boxes filled with food and useful articles. The increased land and sea forces will make Queen Mary's a more difficult and expensive task.

BOARD OF SUPERVISORS SEAL BEACH A NEW TOWNSHIP

C. W. Bowdish Is Named Justice of Peace and C. L. Newsonger Constable

This morning the Board of Supervisors created a new township. It is the township of Seal Beach and comprises the municipality of Seal Beach, Chas. W. Bowdish was appointed justice of the peace and C. L. Newsonger constable. Since these officers start in anew, they will be salaried under the new county government act, which allows township officers of that class \$25 a month each. Other township officers in townships of the same class will have to wait until their new terms start three years from now before they get the raises.

The portion of Bay City voting precinct not included in Seal Beach will become a part of Wintersburg voting precinct. Sunset Beach is included in the territory that goes to Wintersburg precinct. By an order today that pre-

dict was transferred from Westminster township to Huntington Beach township.

The resignation of A. Philbrick as justice of the peace of Los Alamitos township was accepted, and Huel T. O'Conner was appointed to fill the vacancy. The job pays \$10 a month.

Lease Is Given
Chairman Talbert was authorized to sign a lease from the Southern Pacific for land along the railroad between the state highway and the County Hospital grounds. The Board of Forestry and Dr. Zaiser have arranged to have this strip planted to California wild flowers and shrubbery. Several sales of nursery stock from the county nursery were authorized.

Wilson Without Pay
W. W. Wilson was reappointed as a member of the Expositions Commission, as a representative of this county, to serve after January 1 without pay.

To Finish Road
The Garden Grove-Westminster road was accepted as completed. J. S. Hilend, who was recently injured in San Bernardino county, was given an extension of thirty days for finishing the concrete bridge at Serra.

County Surveyor McBride estimated that it would cost about \$300 to finish a piece of road on Bradford avenue at Placentia. He was instructed to go the work.

McBride made arrangements to have brush hauled to be thrown into the protection works above the bridge across the Santa Ana river on the Anaheim-Olive road.

The supervisors adjourned to December 21.

IN THE JUSTICE COURT FIRST CONVICTION UNDER NEW LAW IS GOOD FOR \$15 FINE

Los Angeles Hotel Booster Pays \$15—Complaints For Speeding Filed

This morning the first conviction under the new county ordinance prohibiting soliciting on trains for patronage for hotels or transfer companies was secured in Justice Cox's court, and Lester Pope of Los Angeles was fined \$15. The ordinance was passed at the request of the Santa Fe, agents of which stated that solicitors were making themselves obnoxious to passengers.

The "Know How" of Cookery

is the result of long experience and study. For years, expert cooks have been converting the inner meats of choice Indian Corn into delicious, golden-brown crisps—Post Toasties.

A constant endeavor to make Toasties better has produced the

NEW Post Toasties

which have a new flavour and form—a true corn flavour and tender crispness unknown to "corn flakes" of the past.

The new process raises tiny pearl-like "puffs" on each flake—a distinguishing feature; also imparts substantial form—the new Toasties don't mush down when cream or milk is added.

They come factory-fresh in wax-sealed packages—as crisp and appetizing as when they leave the ovens—and that's mighty good!

New Post Toasties

FIND GHOST MYSTERY CAUSED BY 16 YOUTHS

GRAND RAPIDS, Mich.—For nearly a year John Coffey was unable to rent a house he owned here because the neighbors told all prospective tenants that the place was haunted. Finally in desperation he reported the "ghosts" to the police.

The other day sixteen youths were taken to police headquarters and one, a red-headed lad of 12, admitted that he had circulated the stories "just for fun" and then had worked every night in the house with chains, bricks and pans to substantiate the yarns.

He was let go on promise that he would quit ghosting.

FINDS WHITE CROW

HARBOR SPRINGS, Mich.—That uncommon freak of nature, a snow-white crow, is among a flock on the Thomas Kneale farm. It is all white excepting a spot on its tail and one on its breast, and furnishes a strange contrast to its black companions.

THE SPIRITUAL SIDE OF
EFFICIENCY

Because efficiency means co-operation and co-operation means patriotism we find that preparedness and efficiency are not undemocratic, nor are they the machine-made virtues of an autocratic form of government.

The word efficiency is not inspiring but it embraces ideals which have been the most potent forces of inspiration. If Germany were merely industrially efficient she would not exhibit the marvelous patriotism which has sustained all her people throughout the war. The statesmen of Germany have not only thought of the material aspects of efficiency but of its spiritual side. The German workman is protected by old age pensions and so forth, but he is also encouraged to enjoy the beautiful things in life: music, books, flowers and art. Some of us may distrust modern German art, but we cannot deny German music, and the flower-beds that decorate the street car lines in Berlin are facts not to be overlooked. And these amenities of existence are brought within the reach of everyone in the community. How far are we from recognizing the rights of the poorest to enjoy Carmen or the Ninth Symphony? Let us not forget that efficiency is as much a matter of the spirit as it is of industrial regulations or of machinery.

We have approached our great national problems from the wrong end. First we are frightened into a cry for preparedness. Next we have to learn that preparedness depends on industrial co-operation, on efficiency; finally we shall discover that there can be no lasting efficiency, no permanent material success without an awakening of the soul. The future is for the nation that is capable of patriotism and self-sacrifice and is abhorrent of slavery whether of one race by another or of one part of a people by the other part.—From an editorial in the Metropolitan.

THE COUNTRY CHURCH

Like the country paper, the country church can wield a mighty influence. But what could a paper do whose editor lived twenty-five miles distant and appeared in his print shop only a few hours a month? Likewise what should be expected of a country church when it must share its minister with three or four other churches, and see him only on an occasional Sunday? The answer to this question proposed by the Commission on Church and Country Life, a branch of the Federal Council of Churches, is something like this: A few rural churches in a community must co-operate, then form a federation, eventually merge their activities to some extent and become community centers instead of merely houses for religious worship. Then they can afford to have resident pastors. A rural church reform campaign to be carried into every state is to be formulated at the commission's national conference in Columbus, Ohio, December 8, 9 and 10. "What are you doing out in the backwoods?" asked a city pastor of a country preacher. "I am helping you save your city," answered the rural minister. He spoke truly. Rural prosperity produces urban success, and it has been demonstrated that healthy churches acting as real community centers, rather than mere houses of occasional worship, promote rural prosperity. That is the reason the Federal Council of Churches has devoted the principal part of its convention to sessions of the Commission on Church and Country Life. That is the reason also the commission, an inter-denominational organization, is planning a nation-wide movement, supported largely by city church interests, to get rural churches to federate themselves, to lay less stress on sectarian differences and possibly in the end to merge, thus producing strong centralized institutions instead of multitudinous puny churches.

THE PROBLEM OF CARING FOR
NON-RESIDENT CONSUMPTIVES

It is estimated that there is an annual influx to the Southwest of between 10,000 and 15,000 non-resident cases of tuberculosis. A very large proportion of these are indigent or become indigent shortly after their arrival. Trains bearing such persons to California could not be stopped at the border lines and the patients turned back to the eastern states from which they came, even if such procedure were desired. They must be cared for; not to do so would be inhuman.

The California State Board of Health contends, however, that this is an unjust charge upon the community, that the federal government should aid in caring for these unfortunate persons. Accordingly, the Board is sponsoring a bill to be introduced in the next Congress, by which a subsidy of \$5 per week per patient may be paid to institutions caring for such non-resident indigent cases, such institutions to maintain a standard required by the United States Public Health Service, under the jurisdiction of which service the act would be enforced. Assistance in migrating to

another state would render a patient ineligible for the subsidy.

Many tuberculosis residents of eastern states come to California with a small amount of money, believing that the wonderful climate will effect a cure within a short time and that they may secure positions enabling them to earn a living. From thirty to fifty per cent of these persons die within six months after their arrival, and in some sections ten per cent of such non-resident cases die within thirty days after reaching the state.

Out of a thousand cases of tuberculosis cared for in the Los Angeles County Hospital during a single year, less than fifty were Californians. Most of the non-resident tuberculosis patients in this institution came from New York, Illinois, Missouri, Ohio, Indiana, Pennsylvania, Massachusetts, Iowa and Georgia. The problem of caring for indigent non-resident tuberculosis cases is found not only in California, however, Florida, Louisiana and North Carolina have the same problem, while New Mexico, Arizona, Texas and Colorado suffer from it to a greater extent than any states, with the exception of California.

TERMINAL RAILROAD
ADVANTAGES WITHHELD
BY AN INJUNCTION

SAN FRANCISCO, Dec. 8.—The Circuit Court of Appeals today issued an injunction against the Interstate Commerce Commission ordering the withholding from Sacramento, San Jose, Stockton and Santa Clara terminal railroad rate advantages. This is a tremendous commercial victory.

CHARLES DUFFORD OF
ORANGE DIES SUDDENLY

ORANGE, Dec. 8.—Chas. Dufford, aged 76, died suddenly last night at the home of his daughter, Mrs. W. C. Pixley. Mr. Dufford came to Orange with his family in 1892. In recent years he has been living much of the time at Arch Beach. He was a Civil War veteran.

MEDICAL TEST FOR
WOMEN IS RESCINDED

ATLANTA, Ga., Dec. 8.—Public indignation forced the board of education to rescind its action, passed at the last meeting, calling for physical examination of the teachers by the medical inspection officers and requiring the young women to disrobe to the waist for the test.

The meeting of the board was marked by speeches directed at Dr. W. N. Adkins, head of the medical inspection department. Mayor Woodward branded Dr. Adkins' proposal as outrageous.

According to the revised ruling the teachers may allow Dr. Adkins to give the examination or apply to their family physicians.

LILUOKALANI SEEKS
TO OUST HER TRUSTEES

SAN FRANCISCO, Dec. 8.—Queen Liluokalani, dethroned monarch of the former kingdom of Hawaii, is waging a bitter legal battle in the Hawaiian courts to free her royal estate of \$600,000 from the hands of trustees, who are accused of conspiring to start the rebellion which resulted in her losing the throne.

Details of the sensational suit were brought to San Francisco yesterday by Prince Jonah Kihio Kalaniano'le.

BREAKS A COLD IN
JUST A FEW HOURS

"Pape's Cold Compound" Ends Grippe Misery—Don't Stay Stuffed-Up.

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.

'COUNT,' IN COURT
IS DECLARED HOLD-UP

LOS ANGELES, Dec. 8.—Jean de Marquette, known to the police as "The Count," created a sensation in Justice Summerfield's court yesterday, where he was arraigned on a charge of uttering forged checks on the Clune Film Company.

De Marquette, groomed in the latest fashion, stepped up to the bar when a witness in another case, L. H. Appel, shouted:

"There is the man who held me up last week. He took a large sum of money from me."

Questioned by Detective Cherry, Appel stated that De Marquette had stepped up to him on a downtown street, pointed a revolver at him, robbed him and escaped.

WOMAN TELLS COURT
OF FOILING ROBBERS

LOS ANGELES, Dec. 8.—Telling a thrilling tale of how, single handed, she kept three burglars covered with a revolver till the police could come to her aid, and how, after that, she assisted the police officer in arresting the men and taking them to the Boyle Heights station, Mrs. Lulu Sorman appeared as chief witness for the state in the preliminary hearing of M. Kartengen and Alex. Boldersoff, two of the alleged robbers.

HUGE POWER MERGER
IS ON AT BAY CITY

SAN FRANCISCO, Dec. 8.—For the purpose of financing a program of expansion and development, the newly incorporated Great Western Power Company of California, a \$50,000,000 concern, filed with the State Railroad Commission yesterday for approval a re-financing plan that involves the exchange of \$30,000,000 of stock, the acquisition of eleven light and power corporations and a \$150,000,000 bond issue.

JAP RUNS AMUCK

LOS ANGELES, Dec. 8.—His mind apparently deranged by heavy drinking, T. Ho, a Japanese cook, ran amuck in a rooming house at 238 Clay street, and, armed with two butcher knives and a revolver, chased J. Y. Aota and his wife onto the roof.

The Japanese was arrested on a charge of drunkenness.

BARON SHIBUSAWA TO
VISIT IN LOS ANGELES

LOS ANGELES, Dec. 8.—Baron Etchei Shibusawa, "the J. Pierpont Morgan of Japan," will arrive in Los Angeles Sunday for a stay of several days.

The business men of the city will be hosts to the distinguished visitor while he is here. The Chamber of Commerce will give a luncheon for him at the Hotel Alexandria Monday.

While it is announced that the Japanese banker's visit is solely for the purpose of renewing acquaintances and increasing the friendly feeling between the United States and his own country, it is believed that the real purpose of the visit is to feel the pulses of American business men on Japanese dominion in the Orient.

Baron Shibusawa, who is president of a string of banks, was in Los Angeles in 1909 and met many of the bankers and merchants during his stay here.

HURLED TO DEATH AS
AUTO STRIKES WAGON

LOS ANGELES, Dec. 8.—Traveling at a high rate of speed, an automobile driven by Charles S. Hanselman of Alhambra, crashed into a wagon in Mission road last night, killing Hanselman and causing slight injuries to two companions who were with him. Jake Blackman of 144 South Gless street, owner of the horse and wagon, was thrown from his seat but escaped unhurt.

Hanselman, who was a moving picture actor, and two friends, Leonard Minor of Ramona Acres and Weston Wilson of 1115 Trenton street, were driving from Los Angeles to Alhambra. The machine was traveling at a high rate of speed and on the wrong side of the road when it crashed head-on into the horse and wagon.

GARY SCHOOL PLAN

Subject of Interesting Talk By Mrs. Cox Before Spurgeon P. T. Association

Spurgeon Parent-Teacher Association had a very interesting and profitable meeting Tuesday afternoon at the regular hour. Mrs. Patterson, the president, called the meeting to order with a short address. The minutes were read and approved and a short program was given, as follows:

Song by the fourth grade, song by Mrs. Roberts, who graciously responded to an encore.

Mrs. N. H. Cox gave a very interesting report of the County Federation meeting which met in Tustin several weeks ago. An interesting talk was given by Miss Brokaw on the Gary School System and all were very much interested.

Volunteers were called for to make candy to be sold to raise funds for the City Federation, and ten ladies responded.

Mrs. Chas. F. Mitchell of the ways and means committee reported the committee had decided to have a fathers' meeting February 1, at which time there would be a tamale pie supper, for which twenty cents would be charged; also there will be home-made candy for sale. In April the ladies will hold a rummage sale.

The picture went to the second grade for another month, they having the largest percentage of mothers present.

After fifteen minutes of informal chat between mothers and teachers, the meeting was adjourned.

MENTAL MEDICINE

Congregational Brotherhood Hears Rev. Mathes of Rialto In Able Theme

The Congregational Brotherhood held its regular monthly banquet last evening in the church parlors. It being the occasion for the annual election of officers, the following members were elected for the ensuing year: A. J. Perkins, president (elected); J. A. Hankey, vice president; R. P. Mitchell, secretary-treasurer. The executive committee will be appointed by the president-elect.

The men to the number of fifty or more sat down to the supper at 6:30, served by the ladies of the Amphion Circle. At the close of the excellent meal, the business session was held, at which Mr. Perkins as president introduced the speaker of the evening, Rev. George P. Mathes, of Rialto. Mr. Mathes' theme was "Psychotherapy" or "Mental Medicine." He himself was changed from a nervous wreck to robust manhood through mental healing, and in connection with his pastoral work is doing much along the line of this form of healing. His trouble had dated from childhood, he said. He was perfectly well physically, but fear had become a fixed attitude with him. He imagined he suffered from tuberculosis, heart trouble, and other ailments suggested to him from seeing others thus afflicted. He was afraid of everything.

Dr. Mathes believes in a full gospel, a gospel of a more abundant life, a gospel for the physical man, the mental man and the moral and spiritual man. Psychotherapy is not put forth as a cure-all by its adherents. It does not displace the physician. It will not cure organic disease, such as cancer, tuberculosis, and germ diseases. But in that large class of cases where the disorder is due to a fixed attitude of fear, it will accomplish wonders.

The speaker then proceeded to give a very interesting analysis of the human mind in its main features. There is the conscious mind, in which reason, judgment, the will and the five senses have their seat. Then there is the subconscious mind which controls the circulation and the bodily processes generally, and in which intuition, memory, inspiration, emotion, etc., have their seat. And some writers believe there is a third department of activity called the super-conscious, that part which grasps God and the spiritual realities.

The subconscious is highly suggestible and devoid of the power to reason and judge. But for reason we would be at the mercy of every form of suggestion in our environment. Mr. Mathes referred to the theories of Dr. Freud, of Vienna, the most distinguished psychoanalyst in the world, perhaps, who had gone very deeply into the analysis of the subconscious mind. Dr. Freud's system is known as "Psycho-Analysis," and he believes that the cause of nervousness is to be found in some form of repressed wish, desire or painful idea. Nervousness, in other words, is caused by a conflict within the mind, and the remedy lies in bringing this repressed idea to the surface, uncovering it and giving it an outlet. The idea thus liberated affords relief. Dr. Freud also believes that these repressed desires or wishes may be discovered through the dreams of the patient. A dream is a wish fulfillment. In sleep the conscious mind is off the job and the repressed desire comes to the surface in the form of a wish fulfillment.

Mr. Mathes' talk was exceedingly interesting and instructive, and in the discussion which followed many questions were asked which brought out additional points. A hearty vote of thanks was extended to the speaker for the address.

JOLLY CELEBRATION

J. N. Martin Makes Merry With Relatives and Friends Since Sunday

J. N. Martin has now reached the good old age of three score years and seventeen, his birthday being last Sunday and the first celebration of the auspicious occasion took place at noon on that day, when a family dinner was enjoyed at the home of Mr. and Mrs. Martin on East Seventeenth street.

Covers were laid for twenty and the table was beautiful with its decorations of chrysanthemums and roses.

On Monday evening the ladies of the Canton gave Mr. Martin a surprise visit and gave him a shower of congratulations and pretty post cards. And yesterday, as is the custom of Shiloh Circle, when one of its members has a birthday, a sumptuous dinner was served at the Martin home. The dining room was lovely with pink roses and carnations and lacy plumes, ferns, while in the living room the regal poinsettia, yellow chrysanthemums and ferns were used.

During the enjoyment of the good things to eat, merriment reigned supreme, and following dinner speeches of congratulation, showing the popularity of the honored gentleman, were made by Past Commander F. S. Houghawout, J. S. Brooks, Mrs. Alice Young, president of the W. R. C. Mr. Martin made fitting response to these loving greetings.

One of the pleasing features was the singing of three numbers by Mr. Martin's sister, Mrs. W. E. Seeley, of Sawtelle, the titles being "Auld Lang Syne," "Tramp, Tramp, Tramp" and "The Old Army Button." She also told about the "War Girls" quarter at Sawtelle, of which she is a member.

Those present numbered: Messrs. Yount, J. T. Standing, O. H. Maryatt, D. F. Bartlett, J. S. Brooks, G. W. Baker, S. N. Farrell, J. B. Cox, Dinehart, Gulick; Messrs. F. S. Houghawout, Hungerford, Newman, J. M. Talcott, G. C. Baker; Mrs. Richardson and Mrs. McKean of Garden Grove, Mrs. Kate Morkel, Maud Wallace and Miss Kate Wendelkin, Mrs. Wilson, Mrs. Sawyer, Mrs. Mallory, Mrs. Jane Dunning, Mrs. Butz, Mrs. Ellen Martin, Mrs. Louisa Parker, Mrs. Hart, Mrs. Mary Hubbard, Mrs. W. Miss Mildred McNeal Hostess to Club Friends, Enjoy Theater Party

Miss Mildred McNeal of 1094 North Baker street was hostess yesterday afternoon at a very delightful social affair, honoring her friend, Mrs. A. Braunschweiger of Riverside, who is her house guest.

The home was beautifully with lovely waxen candles and the time was spent playing whist. At the conclusion of the interesting games, Mrs. I. A. Meacham won the handsome first prize, a hand-painted plate, and Charles Smith, the second, a nice deck of cards.

After a delicious supper served by the hostess, she took her guests to the West End Theater to see "The Secret Sin," which made a very pleasing close to a delightful afternoon.

The guests were Meses. A. L. Heard, O. V. Noble, L. A. Meacham, Charles Smith, W. J. Kelly, Will King, Ida King, and the hostess.

—O—
Los Angeles Theater Party
The members of the Tustin Twelve varied their usual program yesterday by making a trip to Los Angeles, where, after a delicious chicken pie dinner at the Pig'n Whistle, the company attended the Orpheum Theater. Covers were laid for fourteen, including Mrs. Fred Poole of Covina and Mrs. J. P. Skinner of Los Angeles, who are charter members of the Twelve.

Enough money remained in the treasury to purchase a couple of boxes of bon-bons and these were enjoyed at the theater.

Those from here were Meses. Arthur Hofer, Sophia Finster, Fred Morehead, B. E. Nimmo, Charles Artz, Lula Johnson, J. S. House, E. J. Cranston, George Pollard, Albert Fuller, Ellis Smith and John S. Richards of Orange.

The next meeting will be held with Mrs. Pierce.

The regular meeting of the Women's Club was held at the home of the president, Mrs. P. L. Topple, yesterday. A very interesting report was given by Mrs. Diers of "Reciprocity Day" held in the beautiful club house at Placenda. Mrs. Pyle, delegate to the district convention, held at El Centro, gave a very enthusiastic report, classing it as the very best convention she had ever attended.

At the close of the business session, Mrs. Tiffany gave her paper on "Should Industrial Education Be a Part of Our Public School System." A rising vote of thanks was given Mrs. Tiffany for her splendid paper. The club then adjourned for a social time.

Several musical numbers have been promised and a very interesting program is assured.
There will be an open discussion

Duofold

The Underwear that made a hit with Bobby

Children like Duofold because it doesn't pinch or shrink like ordinary underwear, and because it keeps them warm without scratching like all-wool underwear does.

Duofold is different from any other underwear. It is a double garment, consisting of an outer fabric of warm, light-weight wool, and an inner lining of soft, thin cotton. The cotton absorbs the moisture of the body and protects the flesh from the irritating wool. The wool repels the winter's cold and retains the natural heat of the body.

The two fabrics are joined by wide stitching through which the air circulates and keeps the garments fresh and dry.

Thoughtful mothers insist upon having Duofold for their children because its scientific construction keeps the body at a more even, natural heat under all changes of temperature, thereby preventing many colds and much sickness.

We have it for boys and girls of all ages.

Reading and Study Club
The Reading and Study Club, organized by the McKinley mothers, met yesterday afternoon at the home of Mrs. J. W. Sackman on West Fourth street. The topic for the afternoon was: "The Rights of the Child." Mrs. R. A. Cushman read the paper and lead the discussion, which were of unusual interest.

There were but few present but what was lacking in members was made up in interest and enthusiasm. The fact that so few attend these meetings, which are open to all, is to be deplored, as much good comes from these discussions and the afternoon was a most profitable one to any mother.

The next meeting will be held at the home of Mrs. Thomason on West Fourth street on the first Tuesday in January, weather permitting. The subject will be "The Rights of a Mother," Mrs. Sackman preparing the paper for that day.

So So Club
The So So Club met yesterday afternoon with Mrs. Willis Faust, Jr., at her home on Garfield street, with twelve members present.

Fancy work pleasantly passed away the hours and delicious ice cream and cake were served.

Personals

George Baxter and wife of Winnebago, Minn., are here to spend the winter, having arrived the latter part of last week. This will be the fourth winter they have passed in Santa Ana. Mr. Baxter keeps a car here for use when in Santa Ana and when at home drives a Velle Six. Mr. Baxter was vice president of the Fairholt State Bank at Winnebago for a number of years.

S. J. Jackman returned home last evening, after a four months' trip throughout the country.

Harl Martin and family of Monita, Ariz., are here to spend the winter at the home of Mr. Martin's father, J. N. Martin.

Mrs. H. W. Hinz and little granddaughter were morning passengers to Los Angeles.

Mrs. A. J. Crookshank was among Santa Anans in Los Angeles today.

Mr. and Mrs. R. R. Shafer and Mrs. Russell Scott motored to Los Angeles today.

Mrs. N. Cartmell went to the Angel City today.

"Red" Imes is in Long Beach on business.

E. F. Roberts has gone to Calexico on a cattle buying trip.

Mrs. Mary Lockett and her daughter, Mrs. Kate Henrickson were visitors in Los Angeles today.

Morning P. E. passengers to Los Angeles from Orange were Mrs. John Bower and daughter, Ruth, and Miss Fern Lehmbeck.

Mrs. J. W. Brown of Milo, Iowa, went to Los Angeles this morning after a visit with Mrs. J. J. Todhunter of Orange.

Mrs. H. A. Baron of Chihuahua, Mexico, is visiting here. She is a cousin of Fred Rafferty and today is the guest of Mrs. M. A. Yarnell.

Mr. and Mrs. W. A. Huff are expected home today from the East, where they have been visiting for the past two months.

W. E. McClure, of the police department at Venice, and daughter, Mrs. H. E. Bell of Los Angeles, have been called here by the serious illness of their son and brother, C. B. McClure, at 822 North Broadway. Mrs. A. G. Gosnell, another sister, returned to Los Angeles after a brief visit here. Her husband suffered a severe injury a few days ago and she could not remain.

Mr. and Mrs. O. J. Morton of Boise, Idaho, left today on their homeward journey, after a week's visit with Mr. and Mrs. J. M. Akins. Mr. Morton is Mr. Akins' nephew.

FIVE NURSES ARE TO GRADUATE FROM HOSPITAL FRIDAY

Commencement Exercises Are Going to Be Held At Odd Fellows Hall

Graduation exercises are to be held by the Santa Ana Hospital Training School for Nurses on Friday evening of this week. At that time five nurses who have received their training at the Santa Ana Hospital are to receive their certificates as trained nurses. Those who are in the graduating class are Miss Mattie M. Smith, Santa Ana; Miss Elaine C. Hildreth, Fillmore; Miss Mollie F. Kozina, Santa Ana; Miss Helena E. Meger, Anaheim; Miss Rose K. Liebermann, Santa Ana.

The address is to be delivered by Rev. J. G. Kennedy, pastor of the United Presbyterian church. The exercises will start at 8 o'clock at Odd Fellows' hall.

Arrangements for commencement are being made by the graduates and Miss Katherine Ruthford, matron of the hospital, whose leadership in the training of nurses is largely responsible for the high standing of the school and the success of its graduates.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR. DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and down at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

HE'S PASQUAL BASQUEZ BUT IS NOT THE ONE WHO SHOT WARDLOW

Man In Los Angeles Jail Positively Shown Not to Be the One Wanted

Though his name is Pasqual Basquez, the man arrested in Los Angeles proved not to be the Pasqual Basquez wanted for the murder of Delbert Wardlow at Talbert.

Yesterday afternoon Deputy Sheriff Cravath went to the jail in Los Angeles taking with him a resident of Talbert who knew the Basquez who is wanted. The jailer led out the man that a Los Angeles detective had declared over the telephone to Sheriff Jackson to be unquestionably the man wanted here.

"That is not the man," said the man who knew the Talbert Basquez.

"He is three inches too short," declared Cravath. It was reported to our office over the telephone from here that the man you had was six feet tall, the same height as the man we want."

Cravath looked the man over carefully, and with the positive statement of the Talbert witness that the man failed even to look like the assassin of Wardlow, the deputy sheriff had nothing left to do but to return to Santa Ana without the man wanted for murder.

It is generally believed that the Basquez who shot Wardlow made his way to Mexico immediately after the shooting, and has remained there ever since.

GREAT IMPERSONATOR TO BE HERE TOMORROW

John Ratto is to be at the Grand Opera House tomorrow night on the program of the high school Lyceum Course.

A reviewer says that Ratto is without doubt the leading man in "make-up" impersonations on the Lyceum platform today. Ratto has filled over 2000 engagements in the United States and Canada. Among booking agents he is known as one of those few stars who never have a "night off"—who always make good.

The title of impersonator may be misleading. He is not a mimic. He is more. He does not merely portray physical characteristics and facial expressions. He strips bare the souls of everyday folk, the kind we see on every hand, and with each impersonation, he drives home his message that life is pulsating all about us in all its moods and mysteries—that humor and pathos go hand in hand, that laughter and tears are twin sisters, that comedy and tragedy may have a common source, like sound and wormy apples that hang on the same tree. He thrills you to the finger tips. He makes you laugh as perhaps you have not laughed in months—yes, and he makes you cry, too. Through his whole entertainment runs a vein of gentle sympathy, and when it is over if you have not a warmer spot in your breast for mankind, and a little deeper faith and love for humanity, go down and have the marble-works man examine your heart. A doctor can do nothing for you.

MONEY ORDER BLANKS STOLEN
Postmaster C. D. Overshiner has received notice from the Post Office Department at San Francisco that on the night of December 1, 1915, burglars entered the post office at Hardwick, Cal., and stole money order forms numbers 3175 to 3690, inclusive. The notice requests that merchants be informed of the fact that the blank orders have been stolen.

TREAT CATARRH BY NATURE'S METHOD

Every Breath of Hyomei Carries Healing Medicated Air to the Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try to cure it with sprays, lotions, and the like. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating diseases of the respiratory organs.

The Rowley Drug Co. have sold a great many Hyomei outfits and the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve.

FIVE REPUBLICANS GO TO RIVERSIDE FOR A CONFERENCE

Object of Meeting Is to Discuss the Congressional Situation

This afternoon T. B. Talbert of Huntington Beach, R. Y. and W. B. Williams of Santa Ana, N. T. Edwards of Orange and J. W. Duckworth of Anaheim left by automobile for Riverside where they will attend a conference of Republicans from all of the counties of the Eleventh Congressional District. Talbert, R. Y. Williams and Edwards being the delegates sent by the Orange County Republican Central Committee.

The conference is to be held at the Glenwood at 8 o'clock tonight. It was called by the San Diego Republican committee.

Local Republicans are somewhat in the dark as to what the purpose of the meeting is. The fact that the meeting was called by the San Diego committee may mean that the San Diego people have in view a boost for some San Diego candidate, or it may mean that they want to do something to damage the candidacy of Lyman M. King of Redlands, who has announced his candidacy for the Republican nomination. That J. C. Needham of San Diego is or expects to be a candidate is well known.

JAN. 4 DATE SET M. & M. BANQUET

The annual banquet and election of the board of directors of the Santa Ana Merchants and Manufacturers' Association will be held on January 4, according to a decision reached last night at a meeting of the association. George Khyrly and P. G. Beissel, the banquet committee, was instructed to proceed with arranging the details of the coming meeting.

AMUSEMENTS

Wm. S. Hart at Princess Today and Tomorrow

Pinto Ben is a pink-nosed cow-pony. A hundred head of cattle are rounded up for beef to be shipped alive to Chicago. Ben and his master, with Segundo Jim, are put in charge. In the Chicago stock-yards, men who can't know range-bred cattle from a herd of mountain goats, calmly inform Jim and Ben's master that the steers are to be driven into the big pen. At the same instant, two or three stock hands run behind the herd and begin shouting and waving their arms to start the cattle. The beasts, a thousand strong, with horns and hoofs beating the air, following their rage, glaring with bloodshot eyes, thunder into the chute. The two men in front prepare for their death ride. Suddenly Pinto Ben flattens himself before a high, iron-bound gate—and leaps. The pony clears the gate. The great wave of scorching breaths fall back on the other side. Ben's master finds himself sitting on the ground, the head of his dying horse in his lap. Once the pony tries to pull himself up on his broken legs. But he falls back—and breathes his last.

"The Chorus Lady," which will play a three-day engagement beginning tomorrow (Thursday) at the West End Theater.

The screen version of the play is produced by the Jesse L. Lasky Company and released on the Paramount Program, and includes a notable all-star cast of actors, among the most celebrated being Cleo Ridgely and Marjorie Daw. The latter is only a child of 14 years and promises to become one of the greatest screen actresses. She was adopted by Geraldine Farrar and this celebrated star has taken a great personal interest in the child.

Patrons who want to enjoy a splendid production should not miss "The Chorus Lady," one of the sweetest stories ever told.

DANCING IN CAFES OF ANGEL CITY BANNED

LOS ANGELES, Dec. 8.—There will be no dancing in cafes in Los Angeles. This was decided by the police commission yesterday.

Acting on protests from churchmen, W. C. T. U. and others, the police commission adopted resolutions declaring that dancing in cafes "will be considered as constituting improper conduct of the business." The resolutions also instructed the police to rigidly enforce the rule against dancing in cafes.

The suggestion for dancing in cafes instead of the present cabaret entertainment was made by Mrs. E. R. Brainerd, president of the Woman's

City Club, and Mrs. D. C. McCan of the municipal civil service commission.

COLDS NEED ATTENTION

Internal throat and chest troubles produce inflammation, irritation, swelling or soreness and unless checked at once, are likely to lead to serious trouble. Caught in time Dr. Bell's Pine-Tar-Honey loosens the phlegm and destroys the germs which have settled in the throat or nose. It is soothing and healing. Pine is antiseptic; honey is soothing—both together possess excellent medicinal qualities for fighting cold germs. Insist on Dr. Bell's Pine-Tar-Honey. 25c, all Druggists.

GIANT LINER TO BE MADE HOSPITAL SHIP

LONDON, Dec. 8.—It is learned that the Britannic, the 50,000-ton White Star liner, just completed, is to be used as a hospital ship. She will be equipped with 6000 beds.

The Mauretania, which was visited at Naples by the American, Danish and Swedish consuls to refute the German allegation that she is not a hospital ship, has made it possible to bring wounded from the Dardanelles to this country in a week, revolutionizing the schedule of the ordinary hospital ship.

The Store of a Thousand Gift Suggestions
Offers These Practical Yule-Tide Gifts

—More and more do useful, practical, holiday remembrances gain in favor with the one who gives and the one who receives. The purely ornamental and pretty things, around which the spirit of remembrance clings not for long, are gradually losing caste, for these are days of serious thinking for folks who give for true friendship's sake. And so, for this year's giving, we have collected great holiday stocks, whose most prominent feature can be expressed in a word—usefulness.

—The recipient's complete satisfaction is the one thought we had in mind when assembling the gifts, each one of which is distinctively expressive of the individual's desire. The store of a thousand gift suggestions offers herewith a page of practical Yule-Tide hints—only a page, hence only a few.

SHIPPING TAGS SHOW IN TRIAL

Piles of Rugs, Pictures and Furniture Are In the Court-room As Exhibits

Shipping tags, shipping receipts and two checks bearing Roy Charleston's indorsement were filed for identification this morning by Deputy District Attorney Koepsel and Deputy Eden who are prosecuting Charleston on a charge of grand larceny.

It is alleged that the shipping tags are written in Charleston's handwriting, and the indorsements on the checks are for comparison. The checks were sent to Charleston by Mrs. J. M. Pickering of Hollywood, to whom the articles were shipped.

Albert Graham of Anaheim, from whose store it is alleged that Charleston, a clerk, stole furniture, rugs and pictures, was the first witness called. The trial has every appearance of being long drawn out. Attorneys Peck and Ames for the defendant have missed no opportunity to offer objections and fight for them hard. Graham is slowly identifying property as property that was in his store.

On the jury trying the Anaheim young man are S. W. Price, H. E. Carner, J. M. Jameson, S. R. Summers, H. A. Miller, John Holt, John Lehm, A. C. Williams, A. S. Adams, S. C. Herranft, N. Travis and J. D. Price. The courtroom is well filled with spectators from Anaheim, where there is a great deal of interest in the case. Graham and Charleston are well known there, as also is the family of J. M. Pickering, formerly S. P. agent at Anaheim, now of Hollywood, to whose daughter Charleston was engaged.

Divorce Is Dropped

By agreement, the divorce action of Mildred C. Dutton of Anaheim against Earl C. Dutton of Anaheim was today dismissed, the couple having settled their difficulties outside of court.

Annie B. Hillebert has brought suit for divorce against Bert B. Hillebert, a Los Angeles cigar dealer. The wife asks for \$30 a month for the support of their minor child. Non-support is the divorce ground alleged. Williams & Rutan are attorneys for the plaintiff.

Sent To Folsom

G. W. Robinson found that breaking probation for him leads to the penitentiary. In April, 1913, he pleaded guilty to giving a \$10 worthless check to Vandermast & Son. He secured probation. Recently he was arrested after he had passed not less than seven bad checks here. This morning Judge West passed judgment on the old offense, sentence upon which was withheld when Robinson was in court in April, 1913, with the result that Robinson was ordered sent to Folsom for two years.

For Administration

Nannie Creek has asked for letters of administration upon the estate of Absalom Creek, who died on May 21, 1914. The estate consists of lot 21, block P, Hill tract, worth \$1000. Wallace W. Davis is attorney for the petitioner.

Homestead Declared

F. W. Turner has recorded a declaration of homestead on the west half of lot 3, block B, Hutchins' subdivision; value, \$1500.

A bill of sale has been recorded showing the transfer of a stock of implements and buildings on lot 256, Irvine's subdivision, from John P. Kurth to Thomas V. Maxwell.

Injunction Suit

John A. Stewart has brought suit against the San Pasqual Ranch Co., which has headquarters here, asking for an injunction ordering the company to apply a part of \$750, alleged to be due Stewart for labor, on an assessment levied on the stock of the company. Stewart has 190 shares. An assessment of \$5 a share was levied on Oct. 11. Stewart alleges that the company refused to make his payment out of the \$750.

Marriage License

William Highland, 28, of Los Angeles, and Elizabeth B. Haas, 38, of Huntington Beach.

For Foreclosure

The First National Bank of Huntington Beach is plaintiff in a suit against A. C. Van Kinkle to foreclose a mortgage of \$370.70 on a crop of beans. L. A. Cronk is attorney for the plaintiff.

WHITE CROSS INSTALLS CANDY DEPARTMENT

The management of the White Cross Drug Store has never felt that the store was entirely complete from the fact that they had no candy department. Within the last week arrangements have been made with Mr. and Mrs. W. H. Beaton, who for two years have been with Taylor Bros., to take charge of this department. Mr. Beaton is an experienced candy maker in every sense of the word, yet his expertness has taught him that good old fashioned home made candy sells as well as the fancy high grade goods, so at the candy counter you will find both kinds. The White Cross feels very fortunate in having its candy department under the management of Mr. and Mrs. W. H. Beaton.

The sales end of the candy department will be looked after by Mrs. Beaton, and her charming personality as well as her strict attention to business is bound to make this one of the most popular departments of the White Cross Drug Co.'s store.

Why buy a "four" and be sorry when you want a "six"? The Saxon "Six" is \$885 here is as economical as any of them—21 miles on a gallon of gasoline. Have a look! Call 1193, Russell Motor Sales Co., Fifth and Bush.

THE COST OF HIGH LIVING HIS SUBJECT

Big Audience of Women and
Girls At Splendid Meet-
ing In Afternoon

ANNOUNCEMENTS

Change of day service from 10 a. m. to 3 p. m.
Subject for Thursday, "Is it the Business of the Church to Develop Workers or to Build Character?"
Tonight's subject, "Excuses."

Despite the fact that the tabernacle had been filled in the afternoon, the audience last night was just as large as ever and the immense congregation listened with intense interest to Evangelist Price's onslaught upon the works of the devil and explanations of what a man has to pay when he refuses to give up some of his pet follies to become a Christian.

"The Cost of High Living" was the subject and a companion piece to last Sunday night's services which stirred another huge audience. Last night's text was from Proverbs, "There is a way that seemeth right, but the end thereof are the ways of Death."

There are two sides to the cost of becoming a Christian. While on the one hand the convert gives up the dance, the card table, the drink or cannot accept all the Christian doctrines, on the other hand he must step up to the Devil's counter and pay the cost of living on his side.

The coin used to pay the devil is

mentioned as peace, sense of security and hope, manhood and womanhood, together with influence, and last but not least, the Christian's claim to a place in heaven.

To be a Christian one must give up the little things which in themselves are not notions but which are nevertheless, groundwork for defying God. Many do not surrender to Christ because they are afraid of what others will say.

Asking for an expression of how many in the big audience believed there is a heaven, nearly every hand went up and the speaker followed this up by saying that his idea of heaven is that it is a place where one develops the good traits he has had on earth and concluded with the apt illustration of the old fairy story of the goddess and the golden apples. Life, he said, is a race with the devil and he knows the right place to drop the golden apples.

The music last night was inspiring, Evangelist Guice singing two solos, and during the offering little Miss Glennagene Hill played a violin solo, accompanied by her sister, Miss Blanche Hill.

Women's Mass Meeting
Seeing the immense audience of women and girls in the big tabernacle, one is apt to wonder where the men and boys would be put at night. The audience was also an interested one and the evangelist's remarks often brought out hearty applause.

Preceding his sermon, Rev. Price made the announcement that 40,000 names are still needed for the prohibition amendment petitions and women stationed at the rear of the tabernacle secured about fifty more signers.

Changes to Afternoon

Taking a vote of the women present, a change was made from morning services to 3 p. m. and the evangelist announced that he would preach a series of sermons on character-building and kindred subjects. The time was set at 3 o'clock so that high school and other young people might attend, as he had noticed that the meetings were marked by a scarcity of young people.

Rev. Guice, the sweet singer, beautifully sang "My Mother's Hands."

The Power of Woman's Influence

This was the topic selected to bring the wife, mother and sister to a higher realization of the consecrated life and the speaker made the assertion that the richest inheritance which he could claim were his mother, sisters and wife. In his opinion, America is the only nation where the highest standard of womanhood is reached.

Man's ideal of womanhood is a noble, intelligent, upright, home-loving home builder. The speaker paid his respects to the lodge man and the club woman and stated that he did not know which was worse, to have the church lodged to death by the men or clubbed to death by the women. He noted the evils of the dance, the fault-finder and the woman who complains that she cannot take part in various activities because she is tied at home with a family. Said the speaker, "She could not be secured to the throne of God by more golden cords than by raising a family of boys and girls for God."

The woman "who butts into the society game," got her dig before the evangelist took up the subject of the young woman and her influence upon her brother or other young men and that ninety-nine times out of every hundred a boy will live up to the ideals of a consecrated sister and a young man who wishes to marry her will measure up to the standards she sets.

While the song, "Just as I Am Without One Plea," was sung, fifty-one women responded to the minister's plea to consecrate their lives to God.

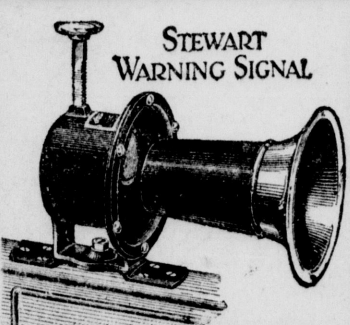

Californian Had Kidney Trouble

Jack Maltes, Copperopolis, Calif., says: "I had such a severe case of kidney trouble I thought I would have to sell out my business. I took three bottles of Foley Kidney Pills which entirely relieved me and I have had no recurrence of kidney trouble since then."

Some days it seems as if you can no longer bear the pain and misery you suffer from kidney and bladder troubles. The ache across your back grows worse with every move you make and every step you take. It just seems to rob you of all strength and energy. Your head aches, you are nervous and worn out, sleep poorly and have no appetite, stomach is upset and bowels irregular.

Foley Kidney Pills lessen the pain, until it is finally gone entirely. They give strength and tone to the kidneys—make them strong, active, their action becomes regular and normal again, and your health grows better each day you take this great healing medicine.

ORANGE COUNTY FEATURED IN CITROGRAPH

The current issue of the California Citrograph, published at Riverside, is devoted largely to Orange county. Excellent articles concerning various industries of this county have been published, most of them illustrated.

Articles by A. C. Tiede, R. K. Bishop, G. W. Sandilands, D. Eynan Huff and A. S. Bradford are among those in the issue. Concerning the number, the Citrograph says:

"The present issue of the California Citrograph deals with one of California's greatest counties, perhaps the richest for variety of resources and per capita wealth. While this publication is particularly interested in the citrus development of California and the introduction and success of different tropical fruits and subtropical agricultural development, it is interesting to call attention to the remarkable possibilities of this one Southern California county. Orange county leads in the production of Valencia oranges. It has the greatest co-operative walnut association of any community on earth. It is a successful lemon producing county and is leading in the experimental work with the promising avocado. It is successful in the production of olives, lima beans, sugar beets, celery, tomatoes, deciduous fruits and scores of varieties of vegetables. It has successful dairies, poultry farms, meat packing establishments, sugar factories, machine shops and oil wells. It has some excellent seaside resorts and the promising site for a great harbor. Orange county is prominent as a citrus center but it is not dependent upon citrus. It suffers as little from frost and comes as near to having a frostless belt as any spot in California. During the present season its most prosperous inhabitants are the growers of Valencia oranges and English walnuts, the two products particularly featured in this issue of the California Citrograph."

**MRS. IDA PETTY, WIFE
FORMER LOCAL PASTOR
OF BAPTISTS, IS DEAD**

Mrs. Ida V. King Petty, 50, wife of Rev. Dr. Alonzo M. Petty, secretary of the North Pacific district of the American Baptist Home and Foreign Mission Societies, died yesterday at the family home at Workman station, Los Angeles county, after a lingering illness. Mrs. Petty lived in Santa Ana when her husband was pastor of the First Baptist Church. She had many friends here.

The death of the prominent woman is mourned by thousands who knew her best as "Mother" Petty. She was one of the most active church and social workers in Baptist circles of this city. It was through her untiring and energetic co-operation that her husband during several years' service as secretary of the Southern California Baptist convention made such a sterling record before taking up his present work at Portland, Ore.

Cherished Character
Mrs. Petty was a daughter of Mrs. L. Fannie King, who for many years was state superintendent of prison reform. The deceased was one of the most cherished characters among local Baptists and was ever engaged in aiding the needy of the city, and her foremost thought was the accomplishments of her husband in his ministry.

Mrs. Petty's great life work will be ever remembered. In passing from this life she leaves two sons whose chosen profession is that of their father. They will further the work which the illness of their deceased mother brought to an end.

Funeral Tomorrow
Rev. C. Wallace Petty, pastor of Creston Avenue Baptist Church in upper Manhattan, New York; Rev. A. Ray Petty, acting pastor of the historic Judson Memorial Baptist Church, New York; P. F. Petty, Los Angeles dentist, and Dr. Petty survive.

Public funeral services will be held tomorrow afternoon at 1:30 o'clock from the undertaking rooms of W. A. Brown, 1047 South Figueroa street, Los Angeles. Rev. J. Whitcomb Brougher, D. D., pastor of the Temple Baptist Church, will officiate. Rev. William H. Walker, Jr., will assist. Interment will be made at Rosedale.

NOT IT: MISSION STORE
To the Public: This is to certify that the Apostolic Faith Mission is not responsible, does not endorse, either directly or indirectly, and never did, the Mission store at Mortimer and East Fourth streets, Santa Ana.

WAR UPON PAIN!
Pain is a visitor to every home and usually it comes quite unexpectedly. But you are prepared for every emergency if you keep a small bottle of Sloan's Liniment handy. It is the greatest pain killer ever discovered. Simply laid on the skin—no rubbing required—it drives the pain away. It is really wonderful.

Mervin H. Soister, Berkeley, Cal., writes: "Last Saturday, after tramping around the Panama Exposition with wet feet, I came home with my neck so stiff that I couldn't turn. I applied Sloan's Liniment freely and went to bed. To my surprise, next morning the stiffness had almost disappeared. Four hours after the second application I was as good as new." March, 1915. COOK BY WIRE That Is the Word of the Hour

Electric Cooking is the way of today. It pays to be modern because modern cooking methods mean more than all other modern achievements—they make the home modern

There have been many steps toward cooking perfection in recent years, but now has come perfection itself. Electric cooking is at last a reality. It is not an extravagance. It makes cooking an exact science. The meals are more savory, more digestible and altogether better.

Do not spend your days working over a wood or coal range, constantly feeding it fuel, trying fruitlessly to get an even cooking heat and struggling endlessly with dirt, soot and ashes.

NATION'S DEFENSE IS KEYNOTE PRESIDENT WILSON'S MESSAGE

National Preparedness Main Theme of Head of Nation. Submits Definite Plan to Increase Present Standing Force of Regulars and For Four Hundred Thousand Citizen Soldiers Raised in Increments of One Hundred and Thirty-three Thousand.

FOLLOWING is the message of President Wilson delivered at a joint session of the senate and house at the beginning of the Sixty-fourth congress:

Gentlemen of the Congress—Since I last had the privilege of addressing you on the state of the Union the war of nations on the other side of the sea, which had then only begun to disclose its portentous proportions, has extended its threatening and sinister scope until it has swept within its flame some portion of every quarter of the globe, not excepting our own hemisphere, has altered the whole face of international affairs, and now presents a prospect of reorganization and reconstruction such as statesmen and peoples have never been called upon to attempt before.

The president tells how this country practiced neutrality and declares that he hopes that when the time comes for readjustment and recuperation this country will be of infinite service. Referring to Central and South American problems, the president declares that we should retain unabated the spirit which has inspired us throughout the whole life of our government and which was so frankly put into words by President Monroe.

We have been put to the test in the case of Mexico, and we have stood the test. Whether we have benefited Mexico by the course we have pursued remains to be seen. Her fortunes are in her own hands. But we have at least proved that we will not take advantage of her in her distress and undertake to impose upon her an order and government of our own choosing. Liberty is often a fierce and intractable thing, to which no bounds can be set and to which no bounds of a few men's choosing ought ever to be set. Every American who has drunk at the true fountains of principle and tradition must subscribe without reservation to the high doctrine of the Virginia bill of rights, which in the great days in which our government was set up was everywhere among us accepted as the creed of free men. That doctrine is, "That government is or ought to be instituted for the common benefit, protection and security of the people, nation or community;" that "of all the various modes and forms of government, that is the best which is capable of producing the greatest degree of happiness and safety and is most effectually secured against the danger of maladministration, and that when any government shall be found inadequate or contrary to these purposes a majority of the community hath an indubitable, inalienable and indefeasible right to reform, alter or abolish it in such manner as shall be judged most conducive to the public weal." We have unhesitatingly applied that heroic principle to the case of Mexico and now hopefully await the rebirth of the troubled republic, which had so much of which to purge itself and so little sympathy from any outside quarter in the radical but necessary process. We will aid and befriend Mexico, but we will not coerce her, and our course with regard to her ought to be sufficient proof to all Americans that we seek no political suzerainty or selfish control.

PAN-AMERICANISM HAS NONE OF EMPIRE'S SPIRIT.

Economic Adjustments Inevitable Within the Next Generation.

The moral is that the states of America are not hostile rivals, but co-operating friends, and that their growing sense of community of interest, alike in matters political and in matters economic, is likely to give them a new significance as factors in international affairs and in the political history of the world. It presents them as in a very deep and true sense a unit in world affairs, spiritual partners, standing together because thinking together, quick with common sympathies and common ideals. Separated, they are subject to all the cross currents of the confused politics of a world of hostile rivalries; united in spirit and purpose, they cannot be disappointed of their peaceful destiny.

This is pan-Americanism. It has none of the spirit of empire in it. It is the embodiment, the effectual embodiment, of the spirit of law and independence and liberty and mutual service.

The president calls attention to the meeting in Washington recently of representatives of the pan-American republics and says that economic adjustment is inevitable in the next generation.

No one who really comprehends the spirit of the great people for whom we are appointed to speak can fall to perceive that their passion is for peace, their genius best displayed in the practice of the arts of peace. Great democracies are not belligerent. They do not seek or desire war. Their thought is

of individual liberty and of the free labor that supports life and the unencumbered thought that quickens it. Conquest and dominion are not in our reckoning or agreeable to our principles. But just because we demand unimpaired development and the undisturbed government of our own lives upon our own principles of right and liberty, we resent, from whatever quarter it may come, the aggression we ourselves will not practice. We insist upon security in prosecuting our self-chosen lines of national development. We do more than that. We demand it also for others. We do not confine our enthusiasm for individual liberty and free national development to the incidents and movements of affairs which affect only ourselves. We feel it wherever there is a people that tries to walk in these difficult paths of independence and right. From the first we have made common cause with all partisans of liberty on this side the sea and have deemed it as important that our neighbors should be free from all outside domination as that we ourselves should be; have set America aside as a whole for the uses of independent nations and political freedom.

Out of such thoughts grow all our policies. We regard war merely as a means of asserting the rights of a people against aggression. And we are as fiercely jealous of coercive or dictatorial power within our own nation as of aggression from without. We will not maintain a standing army except for uses which are as necessary in times of peace as in times of war.

SUGGESTS BROAD PLAN FOR NATIONAL DEFENSE.

Increase Standing Regular Force—Four Hundred Thousand Citizen Soldiers.

But war has never been a mere matter of men and guns. It is a thing of disciplined might. If our citizens are ever to fight effectively upon a sudden summons, they must know how modern fighting is done, and what to do when the summons comes to render themselves immediately available and immediately effective. And the government must be their servant in this matter, must supply them with the training they need to take care of themselves and of it. The military arm of their government, which they will not allow to direct them, they may properly use to serve them and make their independence secure, and not their own independence merely, but the rights also of those with whom they have made common cause, should they also be put in jeopardy. They must be fitted to play the great role in the world, and particularly in this hemisphere, for which they are qualified by principle and by chastened ambition to play.

It is with these ideals in mind that the plans of the department of war for more adequate national defense were conceived which will be laid before you, and which I urge you to sanction and put into effect as soon as they can be properly scrutinized and discussed. They seem to me the essential first steps, and they seem to me for the present sufficient.

They contemplate an increase of the standing force of the regular army from its present strength of 5,023 officers and 102,985 enlisted men of all services to a strength of 7,136 officers and 134,707 enlisted men, or 141,843 all told, all services, rank and file, by the addition of fifty-two companies of coast artillery, fifteen companies of engineers, ten regiments of infantry, four regiments of field artillery and four aero squadrons, besides 750 officers required for a great variety of extra service, especially the all important duty of training the citizen force of which I shall presently speak, 792 non-commissioned officers for service in drill, recruiting and the like and the necessary quota of enlisted men for the quartermaster corps, the hospital corps, the ordnance department and other similar auxiliary services. These

are the additions necessary to render the army adequate for its present duties, duties which it has to perform not only upon our own continental coasts and borders and at our interior army posts, but also in the Philippines, in the Hawaiian Islands, at the isthmus and in Porto Rico.

By way of making the country ready to assert some part of its real power promptly and upon a larger scale should occasion arise the plan also contemplates supplementing the army by a force of 400,000 disciplined citizens, raised in increments of 133,000 a year throughout a period of three years. This is proposed to do by a process of enlistment under which the serviceable men of the country would be asked to bind themselves to serve with the colors for purposes of training for short periods throughout three years and to come to the colors at call at any time throughout an additional "furlough" period of three years. This force of 400,000 men would be provided with personal accoutrements as fast as enlisted and their equipment for the field made ready to be supplied at any time. They would be assembled for training at stated intervals at convenient places in association with suitable units of the regular army. Their period of annual training would not necessarily exceed two months in the year.

The president says it is up to the patriotic young men of the country to respond to this call.

COMPREHENSIVE PLAN FOR GREATER NAVY.

Always Looked to It as Our First and Chief Line of Defense.

The program which will be laid before you by the secretary of the navy is similarly conceived. It involves only a shortening of the time within which plans long matured shall be carried out, but it does make definite and explicit a program which has heretofore been only implicit, held in the minds of the committees on naval affairs and disclosed in the debates of the two houses, but nowhere formulated or formally adopted. It seems to me very clear that it will be to the advantage of the country for the congress to adopt a comprehensive plan for putting the navy upon a final footing of strength and efficiency and to press that plan to completion within the next five years. We have always looked to the navy of the country as our first and chief line of defense; we have always seen it to be our manifest course of prudence to be strong on the seas. Year by year we have been creating a navy which now ranks very high indeed among the navies of the maritime nations. We should now definitely determine how we shall complete what we have begun and how soon.

The program to be laid before you contemplates the construction within five years of ten battleships, six battle cruisers, ten scout cruisers, fifty destroyers, fifteen fleet submarines, eighty-five coast submarines, four gunboats, one hospital ship, two ammunition ships, two fuel oil ships and one repair ship. It is proposed that of this number we shall the first year provide for the construction of two battleships, two battle cruisers, three scout cruisers, fifteen destroyers, five fleet submarines, twenty-five coast submarines, two gunboats and one hospital ship; the second year two battleships, one scout cruiser, ten destroyers, four fleet submarines, fifteen coast submarines, one gunboat and one fuel oil ship; the third year two battleships, one battle cruiser, two scout cruisers, five destroyers, two fleet submarines and fifteen coast submarines; the fourth year two battleships, two battle cruisers, two scout cruisers, ten destroyers, two fleet submarines, fifteen coast submarines, one ammunition ship and one fuel oil ship, and the fifth year two battleships, one battle cruiser, two scout cruisers, ten destroyers, two fleet submarines, fifteen coast submarines, one gunboat, one ammunition ship and one repair ship.

The secretary of the navy is asking also for the immediate addition to the personnel of the navy of 7,500 sailors, 2,500 apprentice seamen and 1,500 marines. This increase would be sufficient to care for the ships which are to be completed within the fiscal year 1917 and also for the number of men which must be put in training to man the ships which will be completed early in 1918. It is also necessary that the number of midshipmen at the Naval academy at Annapolis should be increased by at least 300 in order that the force of officers should be more rapidly added to, and authority is asked to appoint, for engineering duties only, approved graduates of engineering colleges, and for service in the aviation corps a certain number of men taken from civil life.

If this full program should be carried out we should have built or building in 1921, according to the estimates of survival and standards of classification followed by the general board of the

department, an effective navy consisting of 27 battleships of the first line, 6 battle cruisers, 25 battleships of the second line, 10 armored cruisers, 13 scout cruisers, 5 first class cruisers, 3 second class cruisers, 10 third class cruisers, 108 destroyers, 18 fleet submarines, 157 coast submarines, 6 gunboats, 20 gunboats, 4 supply ships, 14 fuel ships, 4 transports, 3 tenders to torpedo vessels, 8 vessels of special types and two ammunition ships. This would be a navy fitted to our needs and worthy of our traditions.

But armies and instruments of war are only part of what has to be considered if we are to consider the supreme matter of national self sufficiency and security in all its aspects. There are other great matters which will be thrust upon our attention whether we will or not. There is, for example, a very pressing question of trade and shipping involved in this great problem of national adequacy. It is necessary for many weighty reasons of national efficiency and development that we should have a great merchant marine. The great merchant fleet we once used to make us rich, that great body of sturdy sailors who used to carry our flag into every sea, and who were the pride and often the bulwark of the nation, we have almost driven out of existence by inexcusable neglect and indifference and by a hopelessly blind and provincial policy of so called economic protection. It is high time we repaired our mistake and resumed our commercial independence on the seas.

With a view to meeting these pressing necessities of our commerce and availing ourselves at the earliest possible moment of the present unparalleled opportunity of linking the two Americas together in bonds of mutual interest and service, an opportunity which may never return again if we miss it now, proposals will be made to the present congress for the purchase or construction of ships to be owned and directed by the government similar to those made to the last congress, but modified in some essential particulars. I recommend these proposals to you for your prompt acceptance with the more confidence because every month that has elapsed since the former proposals were made has made the necessity for such action more and more manifestly imperative. That need was then foreseen. It is now acutely felt and everywhere realized by those for whom trade is waiting, but who can find no conveyance for their goods. I am not so much interested in the particulars of the program as I am in taking immediate advantage of the great opportunity which awaits us if we will but act in this emergency. In this matter, as in all others, a spirit of common counsel should prevail, and out of it should come an early solution of this pressing problem.

SHOULD AGREE ON POLICY IN THE PHILIPPINES.

Recommends Early Adoption of Measures Giving Them Fuller Justice.

The president recommends the early adoption of bills for the alteration and reform of the government of the Philippines and for rendering fuller political justice to the people of Porto Rico, which were submitted to the Sixty-third congress. The president refers to the increased cost of carrying out the plans for the armed forces of the nation and tells of the fiscal problems confronting the government.

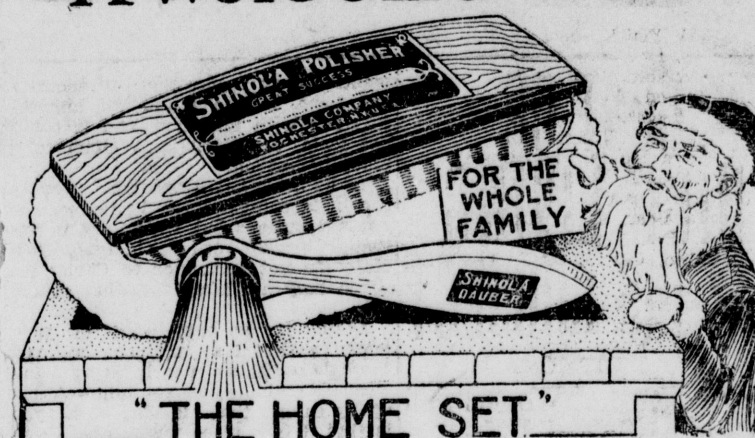

On the 30th of June last there was an available balance in the general fund of the treasury of \$104,170,105.78. The total estimated receipts for the year 1916, on the assumption that the emergency revenue measure passed by the last congress will not be extended beyond its present limit, the 31st of December, 1915, and that the present duty of 1 cent per pound on sugar will be discontinued after the 1st of May, 1916, will be \$670,365,500. The balance of June last and these estimated revenues come therefore to a grand total of \$774,535,605.78. The total estimated disbursements for the present fiscal year, including twenty-five millions for the Panama canal, twelve millions for probable deficiency appropriations and \$50,000 for miscellaneous debt redemptions, will be \$753,891,000, and the balance in the general fund of the treasury will be reduced to \$20,644,605.78. The emergency revenue act if continued beyond its present time limitation would produce during the half year then remaining about forty-one millions. The duty of 1 cent per pound on sugar if continued would produce during the two months of the fiscal year remaining after the 1st of May about fifteen millions. These two sums, amounting together to fifty-six millions, if added to the revenues of the second half of the fiscal year would yield the treasury at the end of the year an available balance of \$76,644,605.78.

The additional revenues required to carry out the program of military and naval preparation of which I have spoken would, as at present estimated, be for the fiscal year 1917 \$38,800,000. Those figures, taken with the figures for the present fiscal year which I have already given, disclose our financial problem for the year 1917. Assuming that the taxes imposed by the emergency revenue act and the present duty on sugar are to be discontinued and that the balance at the close of the present fiscal year will be only \$20,644,605.78, that the disbursements for the Panama canal will again be about \$25,000,000 and that the additional expenditures for the army and navy are authorized by the congress, the deficit in the general fund of the treasury on the 30th of June, 1917, will be nearly \$235,000,000. To this sum at least \$50,000,000 should be added to represent a safe working balance for the treasury and \$12,000,000 to the

LOS ANGELES PRODUCE MARKET
Cranberry prices were advanced again yesterday, and the wholesale quotation for Late Howes is now \$1.75 a barrel, with less than barrel lots selling at 12 cents a pound. Shipments to Los Angeles are very meager, and unless the supply is augmented considerably within the next two weeks cranberry prices will reach the abnormally high levels that have been common in so many commodities this fall.

The expected happened Tuesday, and all grades of sugar were raised 15 cents a hundredweight. This makes the new prices read \$6.65 for beet granulated, and \$6.85 for cane and berry.

CURRENT PRICES
